COMMERCIAL.

MONDAY, JANUARY 20, 1878.

The Steamer Mikado arrived on the 13th, having made from San Francisco of seven days and twenty hours. She discharged cargo, took in freight for the return, and sailed at the opening of the 13th, having been in port but 22 hours.

The American steamer Undecked arrived on the 13th, after a voyage of one month, with a cargo of lumber and coal. She will load back to the same port, as per arrangement.

The bark D. C. Murray sailed from San Francisco on the 23rd with a full cargo, which is reported below. The light bark brought her an unusually long and tedious passage. Steamer Cyphene arrived last evening, 22 days from San Francisco, and will dock at noon at the San Francisco. She will be loaded, Jan. 27, by the City of Molokai.

Commercial advice from San Francisco report no material change in quantities of sugar or sugar products. Sugar harvested of 1877 was good, though not equal to 1876. Sugar and molasses were very low in eastern markets, with heavy stocks. Coffees and tea were firm at last previous quotations.

Several reports are still from foreign ports, as well as from the principal elsewhere, but may be asked for with the name of the trade winds.

We call the attention of our readers to the following valuable statistics, showing the San Francisco sugar trade for the year 1876:

SAN FRANCISCO, Dec. 31, 1876.

Our sugar, now, is the comparative importance and value of sugar in the market for the years 1876, 1877, and 1878—
